# Building community wealth in the housing sector

## What can community wealth building do for housing?

- Community wealth building can support a diversification of the housing provider base
- Making financial power work for local places can enable local solutions
- Ensuring socially productive use of land and property is critical

# Building community wealth in the housing sector

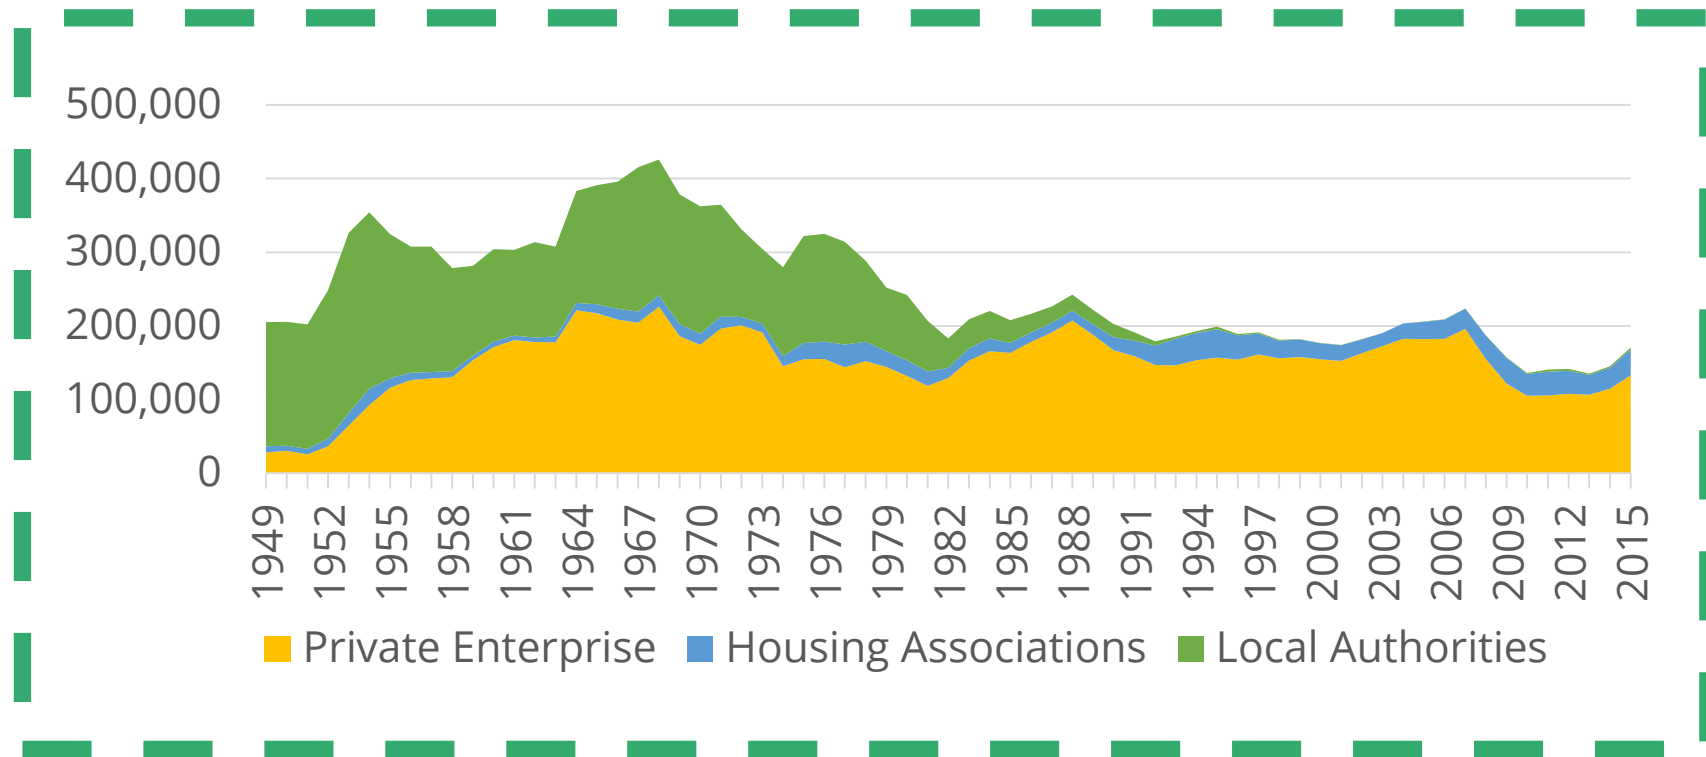

## Where is it happening?

- The growing community led housing movement
  - Community Land Trusts
  - Co-operative housing
  - Co-housing groups
- With half of the 225 plus Community Land Trusts in England and Wales having been set up in the past 2 years, the momentum is clearly growing.
- The re emergence of the local authority as a social housing provider

# Building community wealth in the housing sector

## What are the challenges to community wealth building in housing?
